

## **Convenience Fee**

There is a \$2.95 convenience fee imposed on each electronic filing transaction to pay for computer system usage and electronic service (if applicable).

The amount is automatically added and displayed prior to financial commitment by the filer. The amount will also display on the eFile receipt.

The convenience fee is waived for CLSP and granted 298 Petition filings.

The convenience fee is non-refundable once the electronic filing transaction has been submitted, and will not be refunded in the event of rejection by the Clerk.
